Re: Trail Blazers Mountain Biking course

In order to get the most out of the above course children must have a bike that is **in good working order** and we strongly recommend that it is fully serviced before being relied upon at Dallam.

We have had problems in the past where children have been unable to fully participate in the course due to bike faults and, while we employ staff who can fix the majority of common bike failures, we do not want this to become the main activity of the day.

If you have any doubts about your child's bike please get it checked! The time we spend fixing bikes greatly reduces the enjoyment of the course for every child.

If you have any questions then please call me before the course begins.

Thank you,

Hannah
